Year 4 Rainforest Trip

On the 23rd June, Year 4 visited The Living Rainforest as part of their learning for their new Geography topic. Whilst there, the children were able to be part of a tour, in which they were taught about ‘animal adaptations’. The class got to explore what makes a Dart Frog poisonous, how predators can be deceived by camouflage and how different plants grow from the forest floor to gain the sunlight they need for photosynthesis.

All children enjoyed the day and were discussing their favourite animals on the journey home.

We want to thank the parents for getting up extra early on this day too! We could not have done it without you!

FREE event including some refreshments. **No Booking Required**
