Year 2							
Year 3							
Year 4							
Year 5							
Year 6							

No attendance prize to any year groups last half term - expected attendance was not reached. Oh dear. Can anyone do it this final half term?

Dance Festival

A very big well done to our after school dance club who took part in The Black Country Dance Hub 2023 Summer Dance Festival.

The day included over 100+ infant and primary children who spent the day at Walsall Arena and Arts Centre. During the morning the children participated in workshops led by professional dance artists to create two mass choreographed performance pieces.

Leamore Primary School pupils closed the afternoon performance with their newly learnt choreography and also shared their own dance creation with the audience.

Well done to all - You made Leamore very proud

Coffee Morning Invitation

Leamore Primary School have been working hard towards a Wellbeing Award, this is an award that is achieved by showing what we do as a school to ensure the physical and mental wellbeing of our whole school community, and you as parents and carers are a central element of that.

We would like to invite you to a second coffee morning in school on **14/06/23 between 09.00 and 10.00** where we can tell you all about what we have been doing and our plans for the future, it will also be a great opportunity for you to share your ideas if you so wish.

I really hope as many of you as possible can join us for a tea/coffee and a chat, and hopefully a spot of breakfast.

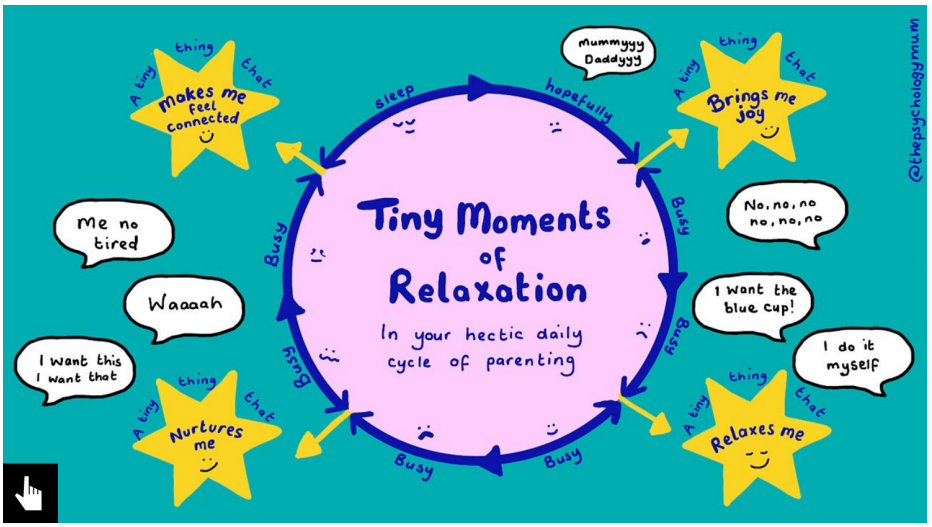

WELLNESS

Tiny Moments of Relaxation

Parenting is a demanding job, that means we are busy nearly all the time and can have very little time to think about ourselves or our own needs. This can create stress and have an impact on how we feel. However, because we are so busy, doing things to look after your mental health can feel like another thing to add to the already overwhelming to-do list, so it gets forgotten about.

However, looking after your mental health doesn't require big tasks and doesn't need to take lots of time. Even adding tiny moments of relaxation into your day can help manage stress and have a positive impact on how you feel. These tiny moments can help us respond better to stress and calm us down. They can also create positive emotions that help us feel good in our mind and body, and the effects can last longer than the moment itself.

Tiny moments can also be about taking time to nurture yourself - drink some water, take a nap if possible, or eat something that gives you the boost you need. Fitting in or planning for a few tiny moments throughout the day is a simple and manageable way to help you look after your mental health proactively.

100% Attendance For Summer 1
