Break up for Easter - Friday 31st March 2023

Lunar New Year

Reception and Nursery had a wonderful week celebrating the Lunar New Year.

The festival marks the start of the new year and many countries celebrate this occasion. This important date on the Chinese calendar has been celebrated for many centuries.

During the festivities traditional ceremonies are held where people get together and welcome the new year with customs that shall bring good luck, good fortune, wealth, prosperity and happiness.

We enjoyed food tasting, lantern making, story telling, dragon dancing, number writing and lots more activities to mark this special occasion.

A reminder

A reminder to vote for parent governor.

Please put your ballot paper in a sealed envelope and pop it in the box that can be found in the school main entrance.

Please do this before 3.30pm on Monday 30th January.

Y1 Parent Workshop - Reading

This week the Y1 team held a parent workshop where we focused on reading, in particular phonics and the phonics screening assessment that will take place in the Summer term. We hope it was informative and helped develop your knowledge and understanding of phonics.

We wanted to say a special thank you to all of the Y1 parents for the fantastic turn out and for their continued support.

Y6 SATs Boosters

The Year 6 team would like to say a massive thank you to the children and parents who have so far attended the SATs boosters after school on Wednesdays. We are pleased with the interaction between staff, children and parents and are glad to hear how helpful they are. Comments such as, "It is eye opening what the kids are expected to know now" & "After that, I'll be reading my work emails back very carefully to check my Standard English and SPaG" show that, together, we are making great progress.

It's not too late to join us - please, come along Wednesdays from 15:30 - 16:00.
It will really help your children!

Y1 Special Visitors!

As part of our History topic this half term, the children in Y1 have been learning all about the past. We have spent time talking about how we have changed since being born, how schools have changed and how life in general has changed over time.

We were very lucky to have a visit from Kay and Dave, one of our pupils' Great Grandparents. The children spent time asking Kay and Dave all about the past, what were things like when they were younger?

The children were amazed to hear that when Kay and Dave were at school there weren't any mobile phones, tablets or laptops!

Thank you so much for joining us today, the children loved your visit and learnt so much about how things have changed over time.

Please do not send your child into school with a prime energy drink.

According to the prime website

“PRIME Energy contains 200mg of caffeine, per 12 oz”

“PRIME Energy is not recommended for children under the age of 18”

We also ask that you do not send your child to school with a bottle of prime, even if the contents is water or squash. We have had several issues this week with the bottles causing disruption amongst pupils.

Thank you for your support.
